RECENT SCHOOL  
PROJECTS**

# WHO ARE BOOMTREE ADVENTURE PLAYGROUNDS?

We are part of the Active8 Leisure group and have been building engaging playgrounds for schools, nurseries and public spaces across The UAE for over 10 years. Designed and built in the UAE using European safety certified materials.

It's our aim to empower children; to ignite their imagination & creativity and to develop their social & physical skills.

Boomtree unique designs also use sustainably sourced materials that are natural, durable and long lasting.

# American School of Dubai

## THE BRIEF

Bringing Desert Ink's vision for a natural playscape to life. Taking advantage of the natural landscape, we designed immersive play areas for foundation kids to explore.

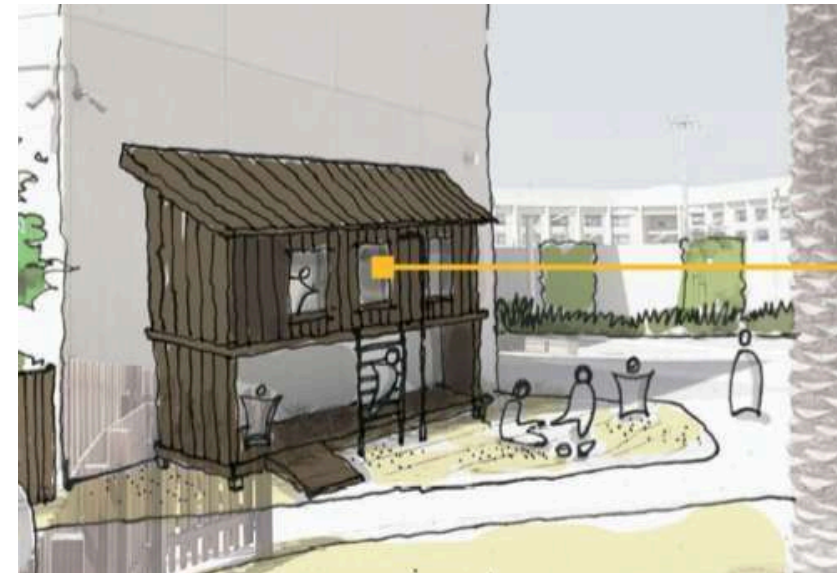

EARLY LEARNING  
PLAYSCAPE

# INTERPRETING A CREATIVE PLAN

Plain architectural wall used as a play opportunity  
The different internal levels of the Play wall generate excitement in children

climbers are grown on the plain tall wall to enhance the aesthetic appearance of the space

Play space designed in the form of bird houses.  
The change in level offer an enhanced opportunity for interaction and coordination

Existing sand bed is integrated as part of the play activity

TREE

A photograph of a custom sandplay wall in a playground. The wall is made of light-colored wood and features several large, angled metal tubes for sand play. It is situated under a large blue and purple patterned shade net. In the background, there are palm trees, a wooden fence, and a person standing near a red slide. The ground is a mix of sand and gravel.

# JESS Dubai

## THE BRIEF

Design 3 radically different play and activity areas to support JESS's outdoor education program. Using naturally durable materials and landscaping to create learning zones.

## THE ENGLISH COLLEGE D U B A I

Over the past 3 years, we have worked extensively with English College Dubai to rebuild their existing foundation areas and create new play and relaxation spaces from their open concrete areas.
